

## Devotional for “Greater Than Miracles”

Sunday, January 27, 2019

During your prayer and meditation time, contemplate the story of Jesus healing an official's son in John 4:46-53.

Then, consider these questions:

- ❖ In what area(s) of my life do I need healing?
  - List as much as applies, remembering that the healing may be physical, emotional, mental, and/or spiritual.
  
- ❖ When I consider these areas, how have I allowed outer circumstances, situations, beliefs, or behaviors to cloud my view of the wondrous signs before me?
  - List as much as applies.
  
- ❖ What are at least three (3) things I can do right now to redirect my vision and change my beliefs so I can live in richer, more fulfilling ways?
  - List as many ideas as you can imagine.

As you contemplate this devotional, be gentle with yourself and take as much time and space as you need to mourn losses or adjust to changes.

And, consider keeping this devotional in a sacred place so you can continue noting the wondrous signs you see.
