

Devotional for

“Dig Down Deep”

Sunday, March 24, 2019

As you work with this devotional, remember that the season of Lent, a time of release and renewal, lasts for 40 days. Use this devotional throughout the 40 days so you can notice your own spiritual growth.

As part of your prayer and meditation time, using any Bible you chose, reflect on “The Parable of the Fig Tree” in Luke 13:6-9. Then consider these questions:

- ❖ Which key areas in my life am I neglecting?
 - List as many as apply and name the neglect.

- ❖ In which areas of my life am I pushing myself and/or others too hard?
 - List as many as apply and note what actions or tasks you want done.

- ❖ In which areas of my life do I see new growth?
 - List as many as apply, noting all the growth, no matter how small.

- ❖ For every item on my list, what is at least one (1) thing I can do to nurture myself and all the new growth springing forth around me?

Work with this devotional slowly, patiently, and compassionately as you notice new growth in your life.
