

## Shared Abundance Builds A Strong Unity Atlanta

“Even though I have not formally joined, I feel loved, seen, heard, and valued. This sense of belonging means so much to me — especially in a post-George Floyd world.”

**Roleene “RJ” Reyes**

“It is important to me to be able to watch the live streaming of the church service. I like the continuity it provides to my church community. The archived recordings enable me to watch at another time and/or re-watch.”

**Jane Adamson**

“Nothing is impossible with God. The past year and a half have brought many challenges and changes, but together we have adapted and found new ways to do just about everything. As a result, we expanded our Beloved Community through streaming our Sunday services and many other programs online. This has brought so many new and wonderful people to our Beloved Community. “

**Rob Moran**

“I volunteer because I get a great sense of community and a feeling of satisfaction working towards something greater than myself.”

**Cory Stokes**

“I have been watching the service online since the start of the pandemic. I continue to get the same spiritual guidance, encouragement, and warmth as if I were in person. I don't feel like I am lacking anything.”
